Car & Motorcycle Club Special Deals

Why not combine your car or bike club trip with a ride on our heritage train?
This kind of group booking is becoming a very popular annual event.

An example would be to take a drive to Warwick,
secure park your vehicles at the station and then board our heritage
train in your own carriages for a memorable journey of your choice.

Suitable destinations include a short return trip to Clifton
or full day out to either Toowoomba or to Wallangarra on the NSW border.

Our train has on-board snacks and drinks and each destination
has lunchtime options.
